

# Environment, Health, Safety, Security & Quality Policy

Dow Corning is committed to:

- **Complying** with all relevant laws, regulations, and other applicable requirements.
- **Protecting** the environment and the health and safety of our employees, our customers, the communities in which we operate and the public consistent with our Values and Responsible Care®. We strive to conduct our activities in a sustainable manner by developing products and processes that minimize any adverse impact on environment, health and safety.
- **Providing** customers with products and services that meet their needs exactly and providing necessary information and support so customers can use our products safely and effectively.
- **Continually improving** our processes and performance, applying Six Sigma®, to help us achieve industry leadership. We establish objectives and targets, conduct regular performance evaluations, and report on our performance to our stakeholders.
