Spray and Wipe Low-Cost Tire Dressing

Formulation reference: TP-770

AV09029

Description

This formulation is a “spray and wipe” tire dressing that is California A.R.B. compliant and low in cost. Wiping after application to the tires is necessary to improve the uniformity of shine and to prevent residue on the floor. The blend of XIAMETER® PMX-200 Silicone Fluid, 1,000 cSt, and 10,000 cSt gives high shine.
