

Pearlescent Compact Makeup

Eye Make-up: Compaction

Formulation 00560

ATTRIBUTES

- Compaction

DOW CORNING® PRODUCTS

- Dow Corning® 5562 CARBINOL FLUID

Ingredient	Wt. %	Trade Name/Supplier
Phase A		
1. Talc	47.79	J-68 BC / US Cosmetics Corp.
2. Propylparaben	0.1	Propyl-4-hydroxybenzoate / Merck KGaA Propylparaben / ISP Sutton Laboratories
3. Methylparaben	0.1	Methyl 4-Hydroxybenzoate / Merck KGaA Methylparaben NF / ISP Sutton Laboratories
4. C.I.77491	2	C33-2199 Red Iron Oxide / Sun Chemical Corporation
Phase B		
5. C.I.77891	40	Timiron MP-45 Gleamer Flake / Rona
Phase C		
6. Bis-Hydroxyethoxypropyl Dimethicone	10	Dow Corning® 5562 CARBINOL FLUID
7. BHT	q.s.	Tenox BHT / Eastman

Procedure

1. Mix phase A and pulverize in a blender suitable for processing and grinding dry powders. Stop and start the blender in short bursts, stopping occasionally to manually or stir the powders. Blend until the pigments are blended evenly. Streaking a small amount of the blended materials on sheets of paper may test this. When a mono-colored streak can be made on both white and black paper, the blend can be considered homogeneous.
2. Add phase B to the mixture of powders and repeat the blending and testing as in step 1.
3. Add phase C to the blended powders and blend as above until homogeneous.
4. Compress the final formulation for use in makeup compacts. 2000 psi is recommended.

Variations

Alternative Dow Corning® Products have not been tested as of this printing.

Stability

Stability data for this formulation has not been established.

External Reference Material

No external references identified as of this printing.

Dow Corning® Application Patents

Dow Corning hopes that this suggested formulation will be of interest to you, but you should be cautioned that this is only a representative formulation and is not a commercialized product. Dow Corning believes that the information and data on which this formulation is based are reliable, but it has not been subjected to extensive testing for performance, efficacy or safety. In addition, Dow Corning has not undertaken a comprehensive patent search on the formulation. BEFORE COMMERCIALIZATION, YOU SHOULD THOROUGHLY TEST THE FORMULATION OR ANY VARIATION OF IT TO DETERMINE ITS PERFORMANCE, EFFICACY AND SAFETY. IT IS YOUR RESPONSIBILITY TO OBTAIN ANY NECESSARY GOVERNMENT CLEARANCE, LICENSE OR REGISTRATION. Suggestions of uses should not be taken as inducements to infringe any particular patent.

SAFE HANDLING INFORMATION

PRODUCT SAFETY INFORMATION REQUIRED FOR SAFE USE IS NOT INCLUDED. BEFORE HANDLING, READ PRODUCT AND MATERIAL SAFETY DATA SHEETS AND CONTAINER LABELS FOR SAFE USE, PHYSICAL AND HEALTH HAZARD INFORMATION. THE MATERIAL SAFETY DATA SHEET IS AVAILABLE FROM YOUR DOW CORNING REPRESENTATIVE, OR DISTRIBUTOR, OR BY WRITING TO DOW CORNING CUSTOMER SERVICE, OR BY CALLING (989) 496-6000.
